GIVEN LIFE SENTENCE

Robert Warner, Colored, Sentenced For Housebreaking Under the Habitual Criminal Act.

Robert Warner, colored, who has served two terms in the penitentiary, was on Monday tried in the Mason Circuit Court for breaking into the Staker Bros. Meat Market last January and stealing meat and money therefrom, and found guilty by jury and sentenced for life in the penitentiary under the habitual criminal act.

This is the second time in the history of this court that life sentence has been given here under this act.

Warner had two other indictments pending against him for housebreaking, he having committed two crimes the same night when he entered Staker Bros. place. The places entered were the grocery stores of James Dunn and J. C. Cablish & Son.

WORK ON THE DAM.

Real work on Dam No. 33 started yesterday when the contractor commenced to put in the first cofferdam. When this dam is fully set in place the work of excavation for the foundation follows. While the contract allows four years to complete this stupendous task, yet the contractors say they will finish same, weather permitting, in three and a half years.

Pump Boat No. 23 has arrived and will be used to keep the "T" coffer dam dry. No. 23 has a lifting capacity of 10,000 gallons a minute, but will be taxed to the limit on the big works.

The steamer Frank Tyler has gone to Ashland, Ky., to bring down new material.

New machinery is arriving every day and soon the dam will be booming.

The dam is becoming a mecca for many Maysvillians, as each day crowds journey to see the big works.

BOONE HIGHWAY

Movement On Foot To Build National Thoroughfare From Erie, Pa., To Knoxville, Tenn.

On Monday Judge W. H. Rice received through the mails an invitation from County Judge J. M. Stevenson, of Clark county, to be present at a meeting to be held in Winchester on April 15, at 2 o'clock p. m., to discuss plans for the building of a national thoroughfare from Erie, Pa., to Knoxville, Tenn., and the southern coast, uniting the north and south.

The proposed highway is to start at Erie, Pa., on Lake Erie, through Ohio to Cincinnati; thence to Maysville, Ky., then south from Maysville through Winchester, Ky., to Cumberland Gap, and then to Knoxville, Tenn., and from Knoxville to the southern coast. The route through Kentucky is proposed to follow the trail of Daniel Boone into Kentucky, running through Mason county.

The plans so far are not fully matured, but the matter will be placed before the Federal government and ask their financial aid. Judge Rice is anxious to have as many as will go with him on next Thursday in automobiles and meet with those interested in the project at Winchester. As near as possible, the automobiles will follow the Boone trail on their trip to Winchester.

Those who can and will go on next Thursday are requested to notify Judge Rice at once.

Get together, citizens of Mason county, and let's push this good thing along.

IN NEW TEMPLE

Ringgold Lodge I. O. O. F., To Hold First Meeting Wednesday Night—Dedication Later.

Ringgold Lodge No. 27, I. O. O. F., will hold the first meeting in their new temple on Market street on next Wednesday evening at 7 o'clock. At that time plans will be outlined for the formal dedication of this magnificent edifice, which is an ornament and a source of pride to every citizen in Maysville. The meeting will be presided over by Mr. Glenn E. Mearns, Noble Grand, and will mark an epoch in the history of this grand order.

DEATH THE VICTOR

And Dr. Alexander Hunter Is Called To Rest—Mason County Mourns the Loss of a Noble Son.

The simple announcement that Dr. Alexander Hunter is dead will bring sorrow to the hearts of all who esteem and love a true man and a noble character; one whom by his open-hearted life and genial ways made him a favorite in every walk of life.

Dr. Hunter died Monday morning at 10 o'clock at his home in Washington, this county, after only a few weeks' illness of pneumonia. He made a brave fight for life and in yesterday's Ledger we announced that he "passed a good night and was holding his own."

Alas, how vain is hope and how brief is human existence!

To those who knew Dr. Hunter closely, his death is an irreparable loss. His demise is a blow to his wide circle of friends and relatives and the entire county.

He passed away, surrounded by his devoted wife and sorrowing children. Dr. Hunter was a son of the late David and Selina Gault Hunter, and was born on the Hunter farm near Washington on July 26, 1843. He would have reached his seventy-second year next July.

He was united in marriage to Miss Nancy Boulden, of Bourbon county, October, 1872, and to their union seven children were born; one daughter, Mrs. Flora H. Howell, having passed away. The six children living are John A. Hunter and Charles B. Hunter, of Pittsburg, Pa.; David M. Hunter, of Cleveland, O.; Mrs. Edna H. Best, of Millersburg, Ky., and Thomas P. Hunter and Miss Pattie Hunter, who resided at home; also four brothers, Edward Hunter, of Bourbon county, and William H. Hunter, Charles J. Hunter and David L. Hunter, of this county.

Dr. Hunter was a noted physician and surgeon and was a graduate in 1869 of the Medical School of the University of Pennsylvania at Philadelphia. He was a leading member of the Mason County Academy of Medicine and had a large practice as a physician. He was a deacon and a leading member of the Washington Presbyterian church.

Dr. Hunter enlisted in the Union army when 18 years of age, and served four years in the Sixteenth Kentucky Regiment Volunteer Infantry, going in as quartermaster-sergeant and was mustered out as captain. He was very popular with both members of "The Blue and the Gray," and was an American patriot to the very core.

There could be much in praise said of the genial doctor, now that we shall see him no more forever.

May his dreamless sleep restore him to that perfection promised at the Resurrection Morn.

Funeral services Wednesday morning at 10:30 o'clock at the Washington Presbyterian church, with his good friend, Dr. Maurice Waller, of this city, in charge.

BETTER SERVICE

And Extensive Improvements Are Given By Maysville Telephone Company.

Within the next few days the Construction Department of the Maysville Telephone Company will have completed the erection of their new wires and cables on the rear of the Cox apartment buildings, which will not only be an improvement over the present open wire construction, but will also eliminate all the old wires and poles which are now located directly in front of these buildings on Market street.

This form of construction, now universally known as the "block distribution" system, has proven to be the most efficient method known in protecting the wires so that uninterrupted service can at all times be given the patrons. The company contemplates the rebuilding of several business blocks with this modern system of wire distribution, which will improve the looks of the town.

These improvements are under the direct and personal supervision of Manager J. J. Lynch, who has done much to bring the Maysville Telephone Company up to a high degree of efficiency and prompt service.

SPRAINS ANKLE.

Mrs. J. A. Dodson, wife of Dr. Dodson, of this city, while walking down the steps at the home of her parents in Ripley, O., on Sunday afternoon, fell and severely sprained her ankle. Fortunately Dr. Dodson was near her side and caught her as she fell, saving her further injury. She is unable to walk without the aid of crutches and will remain with her parents in Ripley until she can return to Maysville.

WALKED HOME

From Chicago Did Miss Jennie M. Zweigart, of This City.

Miss Jennie M. Zweigart, one of Maysville's pretty and charming young ladies, an ardent believer in physical culture, arrived home on Monday afternoon from Chicago, having walked a distance of more than 300 miles.

On April 3 she left the Windy City in company with three other young ladies and two young men, who accompanied her as far as Cincinnati, arriving there on April 11, and from there she walked alone. The jolly "hiking party" came by the way of Indianapolis and averaged thirty-five miles a day, stopping at the hotels at night.

Miss Zweigart says she does not feel the least exhausted from her long walk other than having a few blisters on her feet.

Since January Miss Jennie has been teaching the science of physical culture in one of the colleges in Chicago and has gained some renown by her methods.

She denies the sensational story published in the Chicago papers about her fasting several weeks ago. While admitting that she did put herself on a physical diet, there was absolutely no truth in the long fast story, as copied by the papers here. When seen yesterday, Miss Jennie was looking fine and is to be congratulated upon her unusual accomplishment.

Mr. Carl Walther has accepted a position with George H. Frank & Company, clothiers.

WARNER Corsets

It's more difficult to make a light summer dress fit over the average corset, than the heavier winter one. That's where the "WARNER" in its graceful summer models shows superiority. No corset approaches it in careful boning, rust proof security, variations to suit every figure, quality for price. Let us show you our stock, which embraces a dozen models at prices varying from \$1 to \$3½.

Superior House Dresses

Each garment comprises every possible feature which discriminating dressers seek. Seams bound with heavy, white bias tape; hems 4½ inches deep, facilitating adjustments. Roomy arm-holes permit freedom of movement and prevent "binding." Button holes made on the padded lock principle; buttons perfect and accurately matched, collars designed on approved principles of fashion without sacrificing comfort and fit. In the word the best looking Gingham and Percale Dresses we ever offered for \$1, \$1.25, \$1.50.

Concerning Soil Tillage

After the ground is plowed, it should be disced and harrowed until all lumps are finely pulverized. This is because the delicate plant roots cannot penetrate hard lumps and are, therefore, deprived of much plant food. Tillage increases the availability of plant food elements by changing the arrangements of soil particles and bringing together those that have not before been in contact. It also changes the relation of the soil with air, water, salts and acids in the soil, making available plant food that would otherwise remain dormant.

OHIO SHOWS SAMPLES OF FAVORITE SONS.

The Buckeye State, having found its record as mother of Presidents surpassed by the Old Dominion, is again showing samples of favorite sons. The list is confined to the Republicans for two reasons. One is that the only Ohio Democrat of Presidential stature is too old. The other is more important, a realization that the country cares but little about Democratic possibilities, having decided to elect a Republican President next time. Even the Democratic Cincinnati Enquirer is growing enthusiastic over the Republican Presidential timber and it editorially sets out the qualifications of ex-Governor Herriek, Governor Willis, ex-Senator Burton and Senator Harding. Herriek is a practical business man, with experience in public affairs at home and abroad. Willis is a young man who won distinction in Congress, and is attracting wide attention by his wise, tactful and courageous administration of state affairs. Burton has a nation wide fame, based on his intellectual integrity, his sanity, his courage, and his grasp of foreign and domestic questions. Harding has to his credit his remarkable victory last fall. He not only defeated Foraker for the nomination, but he got a plurality of 100,000 in the general election, in the face of the United Democracy and the strongest opposition the Progressives could muster. The Enquirer does not mention ex-President Taft. Perhaps this is because he has moved to Connecticut, but more probably it is because he would not consider the nomination. He has, beyond question, impressed the country more during the last two years than ever before by his wisdom, patriotism and breadth of views, but the Presidency never had any charms for him and he cares nothing for it now. Furthermore he would not be a party to reviving the personal animosities which were in such great measure responsible for the Republican schism of 1912.—Huntington Herald-Dispatch.

HOW TO GET A GRIP ON THE WILL-POWER.

Every normal mental act depends upon the purity of the blood flowing through the brain; every large and tiny vessel in the brain must be in perfect condition to allow this healthful flow. Every organ in the body has its poisons to get rid of; the skin, which is the outside lung, the interior and the other organs—all work to effect this process. Any little disturbance in one tiny secreting spot disturbs the balance of poisonous outgo and the intake of pure material.

If, instead of worrying about the apparent loss of will-power, instead of calling the doctor to give drugs which only aggravate the conditions and often end in ruinous drug habits, the woman will take natural means of eliminating the subtle poisons, she will find that the will-power returns to her with a little effort on her part to exert it.

How is she to do this? First remember that pure water taken in small quantities but repeated frequently—a gallon a day—will place the vessels in a condition to flush the system, but not unless gentle exercise of every portion of the body is taken.

The amount of exercise should be such as to produce a slight perspiration; no more. Too great or violent exercise will do harm. Results must be looked for slowly. Every morning some mild, natural saline water should flow through the arteries. Deep breathing will aid in the elimination of poisonous products and incidentally reduce superfluous flesh, while, on the contrary, it will put healthy flesh on the too lean woman.

MORE SCHOOLS; LESS MOONSHINE.

Why, of course, we are proud of old Barren, but an examination of the records show that since the first of January, twelve marriage licenses have been issued here in which the grooms could not write their names. And in a number of cases the bondsmen were in the same sad condition. One deed was signed a few days since, by six persons, not one of whom could sign his or her name. We need more moonlight schools and less moonshine whisky.—Glasgow Republican.

REFERENDUM.

That the referendum is a fallacy as applied to the management of organizations is primarily and conclusively shown by the fact that comparatively few members of trade unions ever vote on a proposition submitted in referendum.—Trade Union News.

THE NERVOUS MARINER.

What the President really means when he asks his countrymen not to "rock the boat" is that they will refrain from throwing stones at the pilot.—Kansas City Journal.

It is a psychological condition that robs men of the moral courage that is required to abstain from giving tips.

A cheap thing is a bargain only for those who have use for it.—Albany Journal.

A GREAT COUNTY.

Shelby county, Tennessee, bears the reputation of being the most advanced, educationally, of all the counties of the south. The following facts seem to warrant that reputation:

The county voted a bond issue of \$250,000 for school purposes. With funds thus raised, ten consolidated rural school plants were built and equipped. These buildings are furnished with electric lights, water works, steam heat, and have libraries, music room and auditorium. All have athletic fields, and the schools are now arranging for athletic meets at which competing teams from each school will appear. Each school has its trained teacher of domestic science, and a full equipment for manual training, with a competent instructor in charge.

Two school banks have been organized and are in operation; the Victrola is being introduced to good advantage; mothers' classes in domestic science meet at the school in the afternoon on certain days in the week, and are enthusiastically attended by the school mothers. There is, of course, a very low percentage of illiteracy in this county, but the superintendent and teachers are planning a campaign which will not end until every person in the county can read and write.

More than half the schools in Shelby county, Tennessee, are negro schools. Each school has a kitchen, built by the negroes themselves, and the pupils are given competent instruction in the household arts. So far as we know, this is the first county in the United States to hold a negro industrial institute, at which sewing, cooking, laundry work, etc., were taught. It is the intention of the County Superintendent to make of each school a model of good housekeeping in point of tasteful, appropriate equipment, and in care.

The present County Superintendent, Miss Charl Williams, succeeded her sister, Miss Mabel Williams, who resigned to take up practical home-building in her own right. The superintendent takes her work seriously, but joyously.

WAR AND TEMPERANCE.

"It is an ill wind that blows nobody good."

War is certainly an ill wind, but it does blow the world some good. We have read of the wonderful emancipation of the proverbially drunken Russian people from the curse of drink. Every bit of news we get from Russia shows that the common people now for the first time breathe the breath of freedom from the blight of alcohol.

Similar tidings come from Japan. So strongly do the Japanese people feel that the drinking of their beer, called "sake," hinders them, that the breweries have lost a third of their trade since the war began.

France has prohibited the manufacture or importation of absinthe—their worst drink.

And even Great Britain and Germany are feeling the impulse to get rid of the drink evil. Chancellor Lloyd-George of England says it is hard to get a full day's work out of their workmen on account of drink, and that the government means to deal with the question "in a spirit of moderation, but fearlessly."

War today calls for efficiency, and efficiency and drunkenness do not mix.

"SIGNED ARTICLE" BILL DEAD.

The House of the Vermont Legislature on March 30 killed a bill proposing that every newspaper article tending to injure the reputation of any one, living or dead, must have the name of the writer at the end. The measure originated in the Senate.

ONLY ONE PASSENGER KILLED.

According to the annual report of the Kentucky State Railroad Commission 219 persons were killed on railroads in Kentucky in the thirteen months ending December 31, 1914. Of these, 144 were trespassers, fifty-five employees and one a passenger.

THE END IN SIGHT.

The man who writes "Quaker Quips" in the Philadelphia Record must have been thinking of W. J. B. when he wrote—

"It's when a man has no end in view that we can generally see his finish."

Libraries of the United States and Canada were given over \$3,000,000 last year. The Carnegie Corporation distributed almost one-half of the total.

One of the most prevalent causes of complaint is found in the fact that persons who spend their money freely can not also save it.

Shame To Spoil a Fine Thing.

"What is your reason for believing in the nebular hypothesis?" asked the man who is always seeking information.

"I don't know that I exactly believe in it," replied the scientist. "But after a man has gone to the trouble of finding out what it is, it seems a shame to contradict it."—Washington Star.

Would Tear Her Insides Out.

The Houston school children are learning to speak "Old Ironsides," and one little lass when she came to the line: "Ay, tear her tattered ensign down!" was heard to declaim with deep feeling, "I'd tear her tattered insides out!"—Houston Post.

REPUBLICAN PLATFORM

Will Contain Plank For Prohibition If Judge E. C. O'Rear Has His Way, Says Enquirer Story.

Frankfort, Ky.—The fight to put a state wide prohibition plank in the Republican platform when the convention meets in Lexington in July has begun in earnest.

While neither Judge Ed. C. O'Rear and Dr. Ben L. Bruner would make known any of the details that took place yesterday at their conference in this city, it is said that when Dr. Bruner announces in a short time for the Republican nomination for Governor it will be on a state wide platform. Not only will he wage the fight for the dries, but Don C. Edwards, of London, it is said, will seek the Republican nomination for Lieutenant Governor. His friends say he is dry.

George Long is counted on to make the race for the Republican nomination for Auditor, and he, too, is counted among the dries.

At a meeting of the Executive Committee of the Franklin County Bar Association yesterday, Judge O'Rear asked to be relieved from committee work as much as possible in making the arrangements for the entertainment here this summer of the State Bar Association. He said he would be out on the stump for prohibition.

"They say I must help drive half the snakes out of Kentucky this summer," said he, laughingly, meaning that Senator Beckham would help drive out the other half. This remark is significant that the Republican dries will not lay down, and that the fight to put the state wide plank in the Republican platform will be as earnest as the fight that is being made by the wet Democrats to keep it out of the Democratic platform.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Annie McClellan, 541 W. Second St., Maysville, Ky., says: "I was often dizzy and nervous and my head ached. I had pain in my back and my kidneys were weak. Doan's Kidney Pills stopped the complaint immediately and made me well and strong."

Mrs. McClellan is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. McClellan had—the remedy backed by home testimony. 50c all stores. ROAD BUILDING

Largest Amount Which Any County Can Draw Any One Year Is \$13,164.

Frankfort.—According to an estimate of revenues from the 5-cent road tax, based on the 1914 assessments, furnished Commissioner of Roads R. C. Terrell by State Auditor H. M. Bosworth, the 2 per cent, which is the maximum amount any one county may draw on the road fund in any one year, will amount to approximately \$13,164. The total road fund upon this estimate will be \$658,220, available out of this year's revenues, which includes \$109,760.12, now to the credit of the road fund from the automobile department.

Commissioner Terrell is estimating the amount each county will draw from the fund this year. The state will put dollar for dollar with the counties for actual road construction under the state supervision up to 2 per cent of the total road fund each year. This provision was inserted in the law so that no large and rich county could appropriate a big road fund and get the bulk of the state aid.

BOY WANTED? TRY AN OLD MAN.

A Broadway business man was talking to a friend who was looking for a good office boy.

"Cut out the boys," he said with confidence, "and get an old man who is willing to work for less than a man's wages. I began it about a year ago and I never did a better thing."

Election Notice!

In obedience to the order of the Mason County Court, entered at the March term, 1915, notice is hereby given that an election will be held and poll taken in Mason County, Kentucky, at the usual and regular voting places in each of the precincts on

Saturday, May 15, 1915

between the hours of 6 o'clock a. m., and 4 o'clock p. m., on said date, at which election all legal voters residing in said precincts shall be given an opportunity to vote by secret ballot on the question whether they are in favor of or opposed to the issuing of bonds to the extent of TWO HUNDRED THOUSAND DOLLARS (\$200,000), for the purpose of building, reconstructing, improving and maintaining public roads and bridges in Mason county.

The order calling said election, specifying its purposes and directing the manner in which same shall be held, is in words and figures as follows:

MARCH TERM, MARCH 1st, 1915. MASON COUNTY COURT, STATE OF KENTUCKY,

J. M. Finch et al. On Petition.—It appearing that the petition signed by J. M. Finch and two hundred and fifty others, has heretofore been filed with the Hon. W. H. Rice, Judge of the Mason County Court, asking said Court to make an order at the next regular term thereof directing an election to be held in Mason County, Kentucky, on Saturday, May 15th, 1915, to ascertain whether or not the voters of Mason County are in favor of issuing Two Hundred Thousand Dollars (\$200,000) in bonds for the purpose of building, reconstructing, improving and maintaining public roads and bridges in Mason County, and it is ordered and directed that J. H. Clarke, Sheriff of Mason County, Kentucky, shall advertise said election and purposes thereof, according to law, for at least thirty days prior to said May 15th, 1915, in newspaper having the largest circulation in Mason County, Kentucky, and by printed hand bills posted up in at least four public places in each voting precinct in Mason County, Kentucky, and at the court house door, and he will have the polls opened in the various precincts in said County between the hours of 6 a. m. and 4 p. m., on said date and it is further ordered that the

Clerk of the Mason County Court have printed ballots to be used at said election with the following question printed thereon, to-wit:

"Are you in favor of issuing Two Hundred Thousand Dollars (\$200,000) in bonds for the purpose of building, reconstructing and improving the public roads and bridges in Mason County?"

Given under my hand, at my office in the City of Maysville, Mason County, Kentucky, this 3rd day of April, 1915.

JOHN H. CLARKE, Sheriff of Mason County.

PEN METHOD MAY BE TRIED.

Frankfort.—The next consignment of game birds secured by the State Game and Fish Commission will be distributed among people who will agree to keep them in pens until they become acclimated and breed, if the recommendation of Executive Agent J. O. Ward is adopted.

Mr. Ward's plan is that a movable pen can be contrived, so that the feeding ground of the birds can be changed. The keeper will be under obligation at the end of the year to give to the state the same number of birds furnished them in the beginning and the commission will buy from them all the progeny at the market price.

Mr. Ward considers this cheaper and better than the plan of starting a state game farm, with its attendant hazards from devastating diseases and enormous overhead expenses. A constant supply of game birds, thoroughly acclimated, thus would be provided at a minimum cost.—Courier-Journal.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Beautiful Home For Sale

Mr. and Mrs. Robert Dawson have placed with us for sale their new home on East Second street, in the Sixth Ward. This home is located on a large lot, 72x150 feet, and running back to Williams street. We will not make any attempt to describe this home in detail. It is built of pressed brick, with hardwood floors, basement under the entire house, slate roof, hot water, furnace, gas all over the house, and in fact, is modern and complete throughout, and must be seen to be fully appreciated. This beautiful home has been admired by all who have seen it, and every Maysvillian is justly proud of such enterprising citizens, as the builders of this property. Mr. Dawson's health is such that his physician has advised him to spend his winters in the South, and for that reason he offers his home for sale at less than cost, \$6,500.

"WHAT SHALL I DO WITH HIM WHO IS CALLED THE CHRIST?"

This was the text from which Dr. Aultman spoke last night at the Third Street M. E. church. He said that this same question which confronted Pilate almost two thousand years ago was still having to be answered by hundreds of thousands in every country on the globe every day. At the close of his sermon he made an earnest plea for those who had not as yet settled this most important question, to decide then, or it was too late.

The afternoon meetings will be resumed this afternoon, beginning at 2:30 and lasting for forty-five minutes.

The evening church service begins at 7:30 o'clock. The song and prayer service lasts for about half an hour. Come out to any or all of these meetings. Dr. Aultman is preaching great heart-searching Gospel messages that are proving a blessing to all that hear them.

POLICE REGULATIONS

New Orders For Government of Police-men Issued and Made Effective Today.

Chief of Police James Mackey has issued the following new orders:

All policemen shall patrol their beats continually and shall call up headquarters every half hour, giving information of what he is doing; also that he shall be on special lookout for automobiles exceeding the speed limit and making unnecessary noises.

The patrolmen shall take charge of all arguments in the hands of small boys.

Any policeman reported entering a saloon in uniform, except when called by duty, shall be suspended.

JAMES MACKEY, Chief of Police.

The following assignments were made by the chief:

J. W. Toller—Day patrolman.

D. P. Bloomhuff—Night duty from Court street to West End.

W. D. Fizer—Night duty from Court to Bridge streets.

A. G. Stewart—Night duty East End.

H. L. Walsh—Night sergeant on duty at Police Station.

AT THE THEATERS.

The vaudeville at the Opera House Monday night was very satisfactory, and will continue all this week.

Manager Russell deserves credit for his efforts in endeavoring to please his patrons.

The Pastime was right there Monday with their elaborate program. The pictures were good and up to the usual standard, as is the case with this popular place of amusement.

The pictures at the Gem Monday night were unusually good. Those not attending missed a rare treat. Another good one Tuesday night.

HEALTH REPORT

Mason County Health League Makes Report For January and February.

Following is the report for January and February of the Mason County Health League:

Patients under care January 1, 1915, 38; new patients in January, 33; births, 3; total, 74.

Number discharged cured, 10; number discharged improved, 5; number discharged unimproved, 2; number deceased, 4; total number discharged, 21.

Remaining, 53.

Number of sick visits, 60; county visits, 2; business visits, 24; metropolitan visits, 55; miscellaneous visits, 32; office visits, 34; total visits, 207.

One typhoid fever patient transferred to hospital at the expense of the county.

Assisted with medical inspections in school at Mayslick; only partially completed on account of physicians not being able to give the time required.

Mrs. Britton, nurse for Hamilton county, Ohio, visited Maysville to learn more of the work done by the Mason County Health League.

The county supports her independently and her work is purely educational. No bedside nursing required. Her comment was: "How limited your modern conveniences are and you cover every phase of the work from a nurse's standpoint."

Nineteen children were bathed and clothing provided, with some help from the City Mission and their worker, Miss Maxon. Shoes were provided for three children; overcoat to one man; groceries and coal to three families; buttermilk and beef juice to two patients; disinfected one home; sixty-four quarts of milk and paper napkins to tubercular patients; assisted with one operation in the county.

Report for February:

New patients, 49; total cared for, 102; discharged cured, 17; transferred to hospital, 1; discharged improved, 23; discharged unimproved, 3; deceased, 6; total discharged, 51.

Remaining, 51.

Nursing visits, 46; instructive visits, 1; school visits, 1; visits to tubercular patients, 12; office treatments, 34; metropolitan visits, 43; miscellaneous visits, 17; business visits, 4; total visits, 158.

Four children were bathed and clothed; ninety quarts of milk were furnished.

ACADEMY OF MEDICINE MEETING.

The Academy of Medicine will hold its regular meeting tonight at the Free Dispensary, 215 Court street. An interesting hour is anticipated. At the meeting held last Tuesday, Dr. J. H. Samuel read a paper on "How New Diseases Appear," and Dr. J. R. Cooper on "The Value of Routine Roentgen Examination."

Each presented his subject in an able manner and much is to be gained by interchange of thought and experience. The attendance continues above the 50 per cent margin.

Thirteen Counties Will Draw \$13,164 In State Fund For Good Roads.

Frankfort.—There will be thirteen counties in Kentucky which will draw the full amount allowed out of the State Road Fund—\$13,164, according to estimates by Commissioner Terrell. It is based upon the 1914 levy.

The counties to draw the two per cent are Bourbon, Campbell, Christian, Clark, Daviess, Fayette, Graves, Jefferson, Kenton, Mason, McCracken, Nelson and Shelby.

QUARTERLY COURT.

In the Quarterly Court, Judge W. H. Rice presiding, judgment by default was rendered in favor of the plaintiffs as follows:

Ohio State Stove Company vs. Charles Short.

G. S. Wise vs. Robert Harris.

M. C. Hutchison & Son vs. William Hinton.

Bourbon Remedy Company vs. B. G. Grigsby.

J. H. Rogers & Company vs. E. H. Whittington.

Several other suits were settled out of court and dismissed on motion of parties interested.

The many friends of Dr. T. R. James will regret to learn that he is very ill at his home in Limestone street with pneumonia.

Lost.

LOST—Thursday morning, between De Nuzie Book Store, Market street, and Commerce street, two embroidered collars. Please leave at De Nuzie.

The Ford appeals to the prospective buyer of a motor car on the basis of its proven practical value, both for pleasure and business, to say nothing of "Ford After Buying Service" to Ford owners. A car of general utility it meets the demands of everybody in service—is low in price and cheap in operation and upkeep—less than two cents a mile. Retail buyers of new Ford cars from August 1st, 1914, to August 1st, 1915, to share in profits. Ask us for particulars.

Runabout \$440; Touring Car \$490; Town Car \$690; Coupelet \$750; Sedan \$975, f. o. b. Detroit, fully equipped.
